Summary

I'm Atabak Ghadimi (ATA), a talented director and 3D generalist with a passion for animation and visual effects.

I have over 20 years of experience working with local and international art and advertising companies, producing high-quality work in the field of animation and visual effects.

As a director, I have produced video clips for famous singers and had the honor of directing San Marino's performance at the Eurovision Song Contest 2016.

My skills as a 3D generalist have allowed me to excel in my work, producing exceptional visual effects that have earned me respect in the animation industry.
